

# PRODUCE 'MARTHA' TOMORROW EVENING

Community Singing Society to Give Three Performances of Opera at Belasco.

FIRST MUNICIPAL EVENT OF SORT FOR WASHINGTON

More Than a Hundred of Concert and Choir Singers of City Appear in Production.

More than a hundred of the concert and choir singers of Washington will make a serious bid for operatic honors tomorrow night at the Belasco Theater, on the occasion of the production of the opera, "Martha," the first municipal opera ever produced in Washington, under the auspices of the Community Singing Society.

The Community Singing Society is really a citizens' association with a musical object instead of the desire to secure street improvements. The idea upon which the Community Singers formed their organization last fall was the purpose of building up in Washington a greater interest in music. The desire to do this was coupled with a conviction that Washington could develop as great ability in this direction as any of the other cities of the country which have established municipal organizations.

**To Form Permanent Chorus.**

The plan involves the formation of a permanent chorus, which will represent Washington at civic gatherings of all sorts, and will promote a real interest and understanding of music. Believing that a love for music and for community singing is inherent in the human mind, the singers invited all those who wished to co-operate with them to meet at the Strong John Thompson Public School for singing exercises each Tuesday evening.

Throughout the winter these "singing" sessions have been held, and out of these meetings evolved the determination to produce an opera which is to show just what co-operative musical effort will do. There is no beneficiary for the opera, except the musical spirit of Washington. The production is a commercial feature, because the receipts of the production will hardly pay its expenses. No member of the organization is receiving pay for services or realizing any benefit whatever except the benefit of association throughout the winter with people of the same musical mind.

**Opera Singers Volunteer.**

When the production was determined upon appeal was made to the Metropolitan Grand Opera Company of New York for a professional stage director to take charge of the production. Mr. J. C. Phillips, who has directed the production in New York, was secured in this way. In this way, also, opera singers in New York were interested in the work, with the result that John C. Phillips, baritone, and Charles Myers, an opera singer, expert, volunteered their services to help. They were given parts.

The patrons and patronesses of the production which are to be given at the Belasco Theater tomorrow, Tuesday and Wednesday evenings include: Mrs. Willard Saulsbury, Mrs. Claude A. Swanson, Mrs. Christian D. Hemmick, Mrs. R. J. Clagett, Mrs. William Hamilton Bayley, Mrs. J. Q. Kern, Mrs. Henry Cleaveland Perkins, Mrs. Armstrong Peter, Mrs. Giles Scott, Mrs. Byron S. Adams, Charles J. Bell, Henry P. Blair, Louis Brownlow, Percy Foster, Ernest H. Daniel, Dr. D. Percy Hickling, John R. Larnier, James Parmelee and J. Lee Whitmore.

During the first act of all productions this week a special feature will be introduced in an Arabian dance in the fair scene, by Miss Flaviae. Miss Flaviae was brought to Washington by Mrs. Christian Hemmick to take part in the production of "Martha."

The complete cast and chorus of the opera company include:

## SEMINARY GIRLS APPEAR IN DRAMA OF FOUR ACTS

Mount Vernon Students Present "The Piper," Entertaining Their Parents and Friends.

Members of the senior class of Mount Vernon Seminary, assisted by a number of smaller girls and boys, presented "The Piper," by Josephine Preston Peabody, in the large ballroom of the New Willard Hotel last night, a large audience, made up of parents and friends of the young women, witnessing the performance. "The Piper" is a poetic dramatization in four acts of the legend of the Pied Piper of Hamelin. The opening scene represented the market place in Hamelin. The second was the interior of the "bottle hill" into which the piper had led the children of Hamelin. The third was at the crossways and the final act was in the market place.

The work of Miss Julia McLaren of Cincinnati as the Piper was notably excellent, as was that of Miss Virginia Whitehead of Denver as Veronica, Miss Ruth Howes of Boston as Barbara and Miss Marjorie Stahlaker of Indianapolis as Michael the Sward Bearer.

## SANCTIONS RIDERS UPON DISTRICT BILL

(Continued from First Page.)

act creating a system of government for the District, and he saw no reason why Congress should not be as careful and as painstaking now that it proposed to amend this act.

**Unfair to People of District.**

Col. Worthington upheld the contentions of Mr. Macfarland, claiming that it was unfair to the people of the District to rush through such legislation without giving them a chance to be heard. He pointed out also that the appropriations committee had not followed out the recommendations of the joint select committee. He made the point that the joint citizens' committee did not approve of the recommendations of the joint select committee so far as the abolition of the half-and-half plan was concerned and that its members had expected to have a chance to present their case to the proper committee of the house.

Taking up the matter of the funded debt, Col. Worthington said that it was proposed that the government should repudiate its honest and just obligations, just as much as if it were proposed to repudiate upon any other set of government bonds.

He pointed out that the joint select committee had reported that taxation in the District was just as high as elsewhere.

"If the provision doing away with the half-and-half plan in the appropriation bill becomes law, real estate in the District will have no value," said Col. Worthington. "No one will wish to buy it, for no one will know to what extent the owners of property here will be taxed for the upkeep of the Capital city. You will be putting us back to the days before the organic act became a law."

## Chicago Easily Outpoints Purdue.

CHICAGO, May 20.—The University of Chicago track team defeated the Purdue squad in a dual meet this afternoon on Stagg Field, 9½ to 4½. The meet was run in a drizzling rain. The Purdue athletes were able to take only three first places, while the Chicago team showed up strong in the shot-put, discus throw and two-mile run.

Purdue, Chicago's crack negro runner, was the individual star of the meet, taking three firsts in the sprint events. The only approach to a record was made by Capt. Stout of the Maroons, who ran the mile in the fast time of 4:21.4-5.

## DARTMOUTH WINNER

Turns Out Best Athletes in New England Association.

BEATS 15 OTHER COLLEGES

Wearers of Green Achieve Total of 50½ Points—Maine in Second Place.

SPRINGFIELD, Mass., May 20.—Dartmouth College athletes again today proved better than those of any other member of the New England Intercollegiate Athletic Association. At the annual meet of the wearers of the green achieved a total of 50½ points in competition with fifteen other colleges. University of Maine, represented by a smaller team, scored 32½ points, a greater number than had been credited to a runner-up in the twenty-eight previous meetings of the association. Dartmouth shared third place honors with 18 points each.

Four records fell. Andrew B. Kelley of Holy Cross was the star. He led a group of sprinters in the 100-yard dash to the unusual time of 9.4-5 seconds, one-fifth of a second better than the long-standing mark. Later Kelley raced in the 220-yard dash and improved by three-fifths of a second the time which had stood as best for nine years and by one-fifth of a second his own record-breaking performance in the trials of yesterday. His time for the furlong was 22.2-5 seconds.

W. A. Savage of Bowdoin established a new record mark in the 320-yard hurdles, his time being 0:24.2-5. The previous record was one-fifth of a second slower. A record jump by Harry T. Worthington of Dartmouth in the broad jump event did not stand. He leaped 24 feet 3 inches, but the wind was with him and his performance was not recognized officially.

G. W. Leadbetter of Bowdoin, who won the discus and hammer throws, Joseph T. Higgins of Holy Cross, winner of the half-mile run, and Charles A. Rice of the University of Maine, whose sturdy competition in both dashes impelled Kelley to run his limit, were notable performances.

# How the Texas Tube test happened!

It nettled Bill Parr considerably! So many Motorists had carelessly stated that "all Tire Tubes are just Rubber." He determined to show some folks the difference, in a way they would never forget.

There were four Cars at the door, and their Owners or Drivers at his elbow.

To these he said,—

"Boys,—how strong do you think this Goodrich Brown Tube actually is?"

"Do you believe it is strong enough to tow Mr. Oden's five passenger Car, with four people in it, from here for 20 blocks?"

"You don't, eh?"

"Well now here's a bit of a Bet I want to make with any, or all, of you.

"I will bet you a Dinner that this little old regular Goodrich Tube (34x4) will not only tow Mr. Oden's Car, but will tow all three of your Cars,—fully passengered,—through the streets, for the full 21 blocks (more than a mile and a half)—starting and stopping as many times as the crowd makes it necessary.

"I will,—if you Gentlemen are agreeable,—line up all four of your Cars, right here and now, take three regular Goodrich Tubes hap-hazard out of their boxes,—tie one tube between each two Cars, (which means hauling three Cars on the first Tube) and tote You-all that way to 'The Corners.'"

"Are you willing to bet a Dinner that any one of the three Tubes will 'go broke' on the way, or show a flaw which would leak Air, or prevent its being used for its original Tire purpose afterwards?"

"You are, eh?"

"Well,—the Bet's on! 'Come along, and you be the Judges.'"

Fritz said that what puzzled him most was the brown Rubber Tubes "not being all stretched out of shape after such a tug, even if they had hung together at the finish.

"Look you," said he, "when we released the load,—after the Haul,—they instantly snapped back into just three-quarters of an inch longer than they were at the start!

"And that ¾ of an inch, they took up again in less than two hours rest."

"WELL, boys,"—Bill Parr remarked,—as he smoothed out a wrinkle in his well-filled vest, "that'll stop the Argument about all Tire Tubes being 'just Rubber,' won't it?"

"If the Brown Stuff that toted all you Heavyweights,—and your Cars,—for 21 Blocks without a Sign of Heavy Duty afterwards, isn't something MORE than 'Just Rubber,' like other Tubes,—then you'd better buy the 'Just Rubber' kind hereafter.

"I'm going to ask all of you to sign your names to this 'Texas Tire Tube Test,'—just to show that you have taken part in a regular Exploit which is mighty well worth recording."

So indeed they did,—and here is the affidavit!

**AFFIDAVIT**

This certifies that we, the undersigned, took part in and witnessed the Texas Tire Tube Test referred to in the advertisement entitled "How the Texas Tube Test Happened!"—that the test was made on date of Nov. 11, at Waco, Texas, the distance covered being twenty-one blocks and that the result was as described.

Signed— W. M. ODEN  
J. M. NASH  
B. A. FRITZ  
W. A. FARR

Subscribed and sworn to before me by W. M. Oden, J. M. Nash, B. A. Fritz and W. A. Farr, this 3rd day of May, A.D. 1916, at Waco, Texas.

Signed— J. G. WREN,  
Notary Public,  
McLennan County, Texas.

THE Dinner was a very Cheerful Affair. As Oden said afterwards (when putting up his share of the Bet) "you could have bet me a Million on that, Parr, and I'd have taken you up,—even if I had to borrow the Million.

"I don't see how the blamed Tubes ever did hold out,—especially going up Saco St. under such a strain.

"With eight people in the last three Cars,—and a total load of over 8,000 pounds I sure thought to hear something snap before second block.

"Whaddye put into that brown Goodrich Rubber anyhow, to make it hang together like that?"
